Product Specification Sheet

Targus Wireless Keypad & Mouse Combo

Part #: PAKP003U

Product Description:

One wireless receiver for two great accessories: a wireless mini optical mouse and wireless keypad. The first combination of its kind in the marketplace, this set is perfect for financial applications and general use, especially when traveling. On/off switch on both the keypad and the mouse saves power. Four AAA batteries included.

Product Features and Specifications:

- **Wireless Freedom:** RF wireless technology provides a clean, uncluttered workspace free from cables
- **Optical and digital technology:** Latest optical design and digital signal processor provide high accuracy and precision movement
- **Faster data input:** Low-profile design allows for convenient data input; ideal for spreadsheets, accounting and financial applications
